STAFF

ADMINISTRATION

As students of Eastglen for the past year I trust the staff have given you the key elements that form the essence of an education. First is a faith in learning. Second is a commitment to adulthood. Third is a fundamental spirit of optimism. It is already tomorrow. Time, which never stops on its journey, will be members of the community looking back on the years you spent at Eastglen. When you do, the photos, facts and memories in this book will be your stepping stones to a happy reminiscence.

May your memories of Eastglen be pleasant ones, and may your futures be filled with happiness and success.

GENERALLY ASSEMBLED

On Thursday, Sept. 27 Mr. Probert held a general assembly in the gymnasium for the purpose of meeting new teachers, getting to know our school council and school teams, and to address us on the theme of "caring and sharing". Then he asked Mrs. Crawford to speak, and she turned the mike over to Matt Pashak, this years Students' Union President. School teams were called upon by their coaches: Each team gave a unique pep rally cheer for the whole school. Everyone seemed to leave the gym with a positive feeling and more knowledge about EASTGLEN.

EXCHANGE STUDENTS

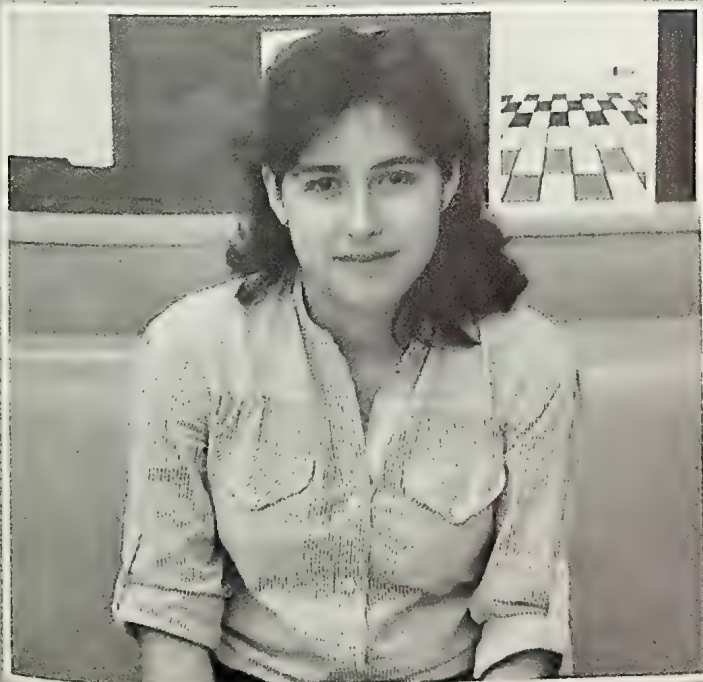

Oi! I AM Orlando Heluany Junior. I'm an exchange student from Sao Paulo, Brasil and I live with Mr. Fergusson Eastglen's teacher who is a very thoughtful and helpful person. I chose to come to Canada because I heard of many good things about this country. My father's friends visited Canada several times and told me of the people, the language and the habits of the people. I studied about Canada in my History and Geography classes at school in Brasil and became very interested to experience Canada myself. I very much enjoy being at Eastglen because the people are friendly and helpful. I made many new friends (students, teachers, co-ordinator and Principal) whom I will never forget. Obrigado!

Konichiwa! I CAME in Canada because I wanted to learn English and to know a foreign culture. I didn't know anything about Canada before I came in here. I knew only that Eskimos live in Canada. Canada is a wonderful country. There are many differences between Canada and Japan. Most difference is that in Canada students can do more things that they would like to do. I have made many friends who are nice, helpful and friendly. I can say Eastglen has been a wonderful school for me. The teachers in Canada have a closer friendship with their students.

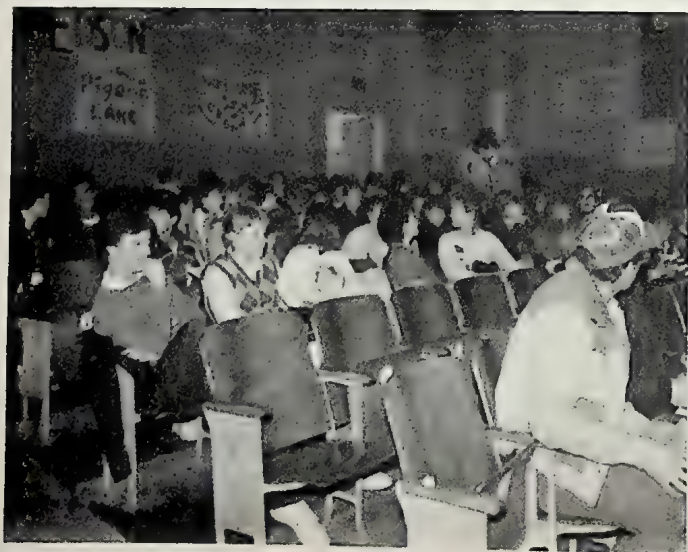

Domo arigato gozimas!

Hola! MY NAME is Martha. I am an exchange student from Obregon City, State of Sonora in Mexico. I have met many new friends who have helped me evaluate what I really have. Where I live the climate is extremely hot so it was difficult for me to adapt to the Canadian climate. Also, the food is very different. What I really don't like from the Canadian food (and I hope you will forgive me) is pickles. Also, the system of education is very different from the one in my country but during this time I have come forward thanks to the support that the teachers have given me. Through this small letter I want to thank everybody who made my experience more pleasant. Above all, those people who gave me their friendship, I'll remember them always. Gracias!

MARK IS BACK
He Came
He Spoke
He Inspired

Mark Sharenbroich, a school spirit builder from Josten's, made a return visit to Eastglen this year on Friday November 16, 1984. He provided a humorous, witty look at high school life, and encouraged students to become part of their school.

This is the second year Mark has spoken to staff and students of Eastglen, as well as students from other schools and local Jr. Highs. Anyone who has seen Mark in person or on film can consider themselves lucky. And remember Eastglen, Mark is wishing us all; "A lifetime of laughter, love and tears of joy!!"

"BOOM BA HEY"

EUROPE '84

During July EASTGLEN has a 21 day summer tour of ten European countries. Once on the continent we met up with others and our "bus family" was a contingent of 48 people representing Canada, South Africa, India, New Zealand, Israel, Austria, Italy, Singapore, Hong Kong, and the United States. The United Nations has nothing on EASTGLEN! Remember:

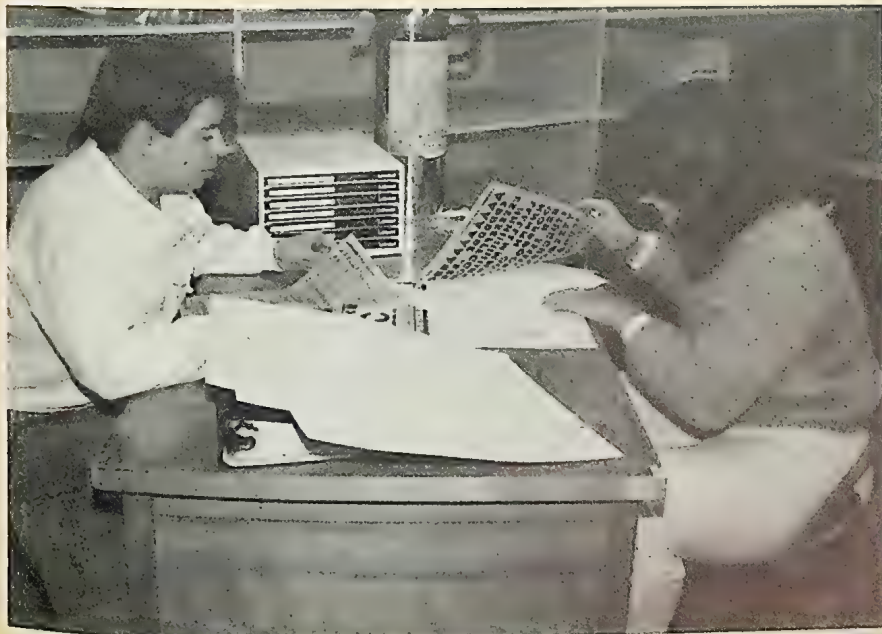

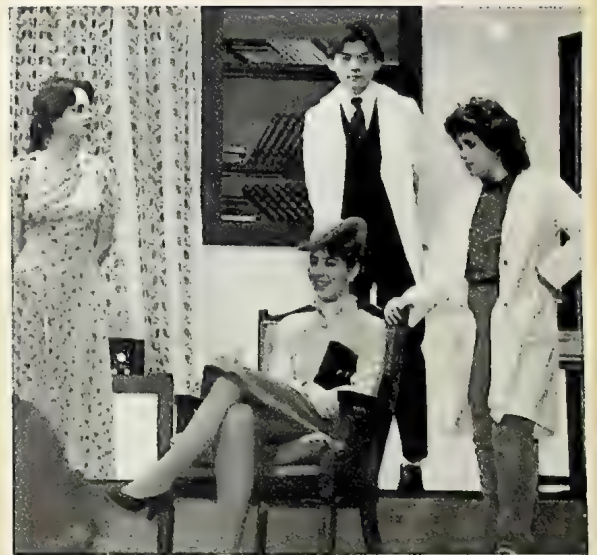

- the toga party in Rome
- the bed check in Lyon
- the Plaza in London
- the bus driver getting lost
- "the shorts" raid
- the far-outs in Innsbruck
- trying to get Grandpa off the bare-bosomed beach in Nice
- the Graval at Dover
- the stairs at Monaco
- the bugs in Venice
- the attempted calls home
- continental breakfasts
- the roads around Cortina and San Marino
- craving the veggies you won't eat at home
- what we liked most about the trip was going home
- what we liked least was coming home

Everybody being "21" -- the cameraderie, the tolerance, the culture, the history! May we NEVER forget.

B.L. Crawford, Tour Escort

Your Students Union members did a super job in giving the school a friendlier atmosphere. Even though we did not get the large fries back it was still a year we can be proud of. ECHO

Being Co Editors of the ECHO proved to be an interesting job. It was a lot of hard work with a lot of ups and downs during the last year. When things were down, someone managed to come along and help us out. We sincerely appreciated those people who stood beside us right from the beginning and helped us through all the hard times. There weren't many of these people though, so we'll name them; Keith 1 and Keith 2. Special thanks to Mrs. Crawford for her continued support and Mrs. Kappeler for her valued advice. Thanks to everyone else who helped out and best of luck in the future and in life. We now have many fond memories of the ECHO. We would like to wish future editors of the ECHO best of luck, and we hope for the continued success of a fine newspaper.

GOTCHA!

YEAR PLAY . . . 'THE CURIOUS SAVAGE'

Mr. Gatto and his talented cast frolicked through a three night run of the **CURIOUS SAVAGE** to commit their elderly and very wealthy stepmother to "The Cloisters," a rest home for people who had altered views of reality. The cast, composed of staff, patients and family disarmed the audience by their collective charms and adept sense of theatricality. Mr. Gatto choreographed and directed his cast with consummate skill. The set, built on the premises, evoked the atmosphere of the sanatorium while being very functional for the antics of the farcical spirit of much of the play. The poignant atmosphere of the final scene when Mrs. Savage outlines the beauty found in life will live in the memories for a very long time.

Next year promises to be a very successful season with many returning players to form the nucleus of the team.

Paul Pandur, Dennis Macdonald and Mark Rangeloff were city champions in the novice finals. Brent Melnychuk and David Richardson were City Open champions. David went on to win a gold medal in the Provincials, and a silver in the Canadian Championships.

SPRING BREAK P.S.M. TRIP '85

Spring break of '85 saw nomadic Eastglenites off again exploring the world. This time the trip was to Lisbon, Portugal; the Costa de Sol in Spain; Morocco and Gibraltar. It was a combination of sights, sounds, "surprises", simpatico and sand that NONE will forget.

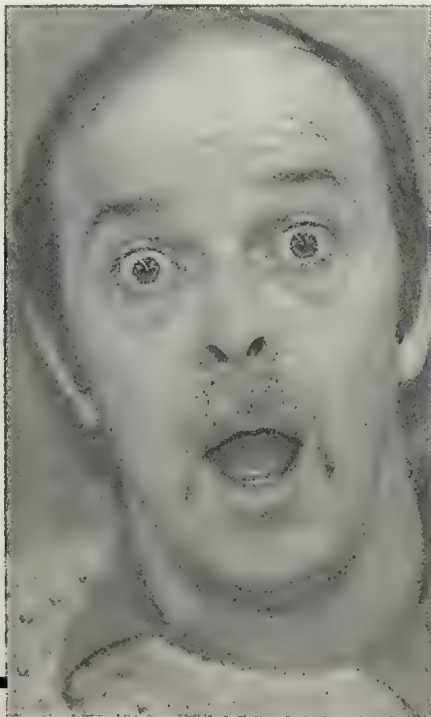

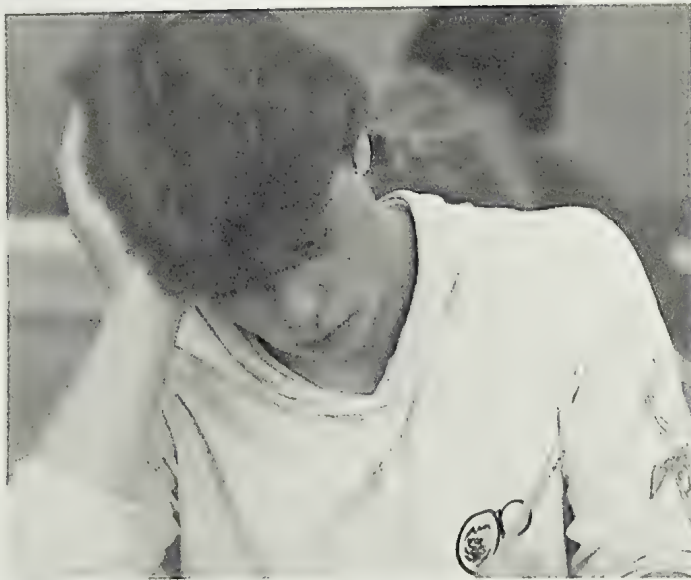

"Hubba Hubba" to you all!

HONORARY GRAD PRESIDENT

I would like to take this opportunity to thank the Grad Class for giving me the honor of being their Honorary Grad Class President. I view this honor with great pleasure and a little sadness. Pleasure - in the memories of the laughter, friendships and triumphs that we've shared over the past years, as well as the knowledge that bright futures lie ahead for you. Sadness - for the parting of the ways, that you all must take with this graduation.

You have survived 12 years of our educational system and have emerged triumphant. You have gained through the emotional support of your family and friends and now you are ready to venture forth and conquer the unknown - your dreams! This can be a an intoxicating and somewhat frightening sensation. It is your responsibility, to make your own decisions and quite possibly, even make a few mistakes. The future is yours for the making - all you have to do is dream.

My role as Honorary Grad Class President is to provide you with some words of wisdom with which to step into your futures. Well, coming from a man, who while doing up his shirt, getting ready for this evening, had a button fall off, while opening my car door the handle fell off, I am now somewhat apprehensive of going to the washroom! I'm not sure that I or anyone else, is any better qualified than you yourselves - to be offering words of wisdom.

But I do have one suggestion, and that is to nurture that wonderful, optimistic attitude you have about your lives. In a world that tends to place too much emphasis on monetary gains, the ability to make, not only yourself, but someone else smile is a priceless commodity. It takes a little effort and gives so much. It keeps things in their proper perspectives. You have, through this innate ability to laugh at yourselves (not to mention point out a few of my own faults) brightened more than just a few of my days.

In other words, my advice to you - the Graduates of '85 is to chase after your dreams, look forward to those bright and promising futures and most of all keep smiling.

Best of luck to you all!
Mr. Burrows

GRAD CLASS PRESIDENT

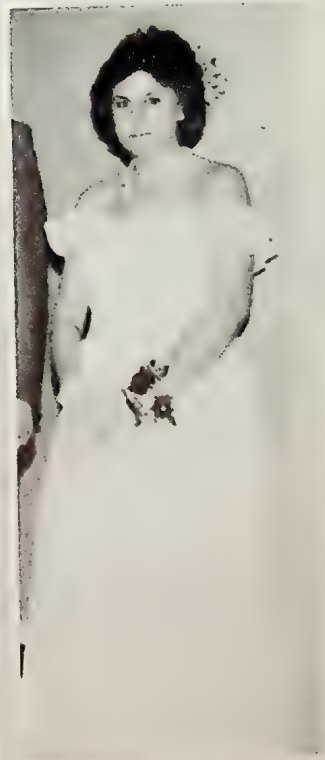

The position of Grad Class President which I have held since semester two has been a great pleasure and learning experience for me. This position has made it possible for me to expand my horizons and make many new friends, of both students and teachers. It has also allowed me to take part in two very important occasions: Commencement of May 16th, and Grad on May 17th, which I will always remember as a great honour.

The memories created together in our twelfth year and most importantly on these two special dates will be moments that hopefully stand out in our minds now and in the years to come. They also proclaim the end of our teenage years and the step forward into adulthood.

An extraordinary thanks goes out to our chief Grad Class advisor Mr. Keswick, who could not be here tonight because he is attending his daughter's graduation, and to Mrs. Manson who helped and kept us in line with the Banquet, and to Mr. Hughes, our number one go-fer. And I cannot forget the members of Grad Class who worked very hard throughout the year in order to make this year's graduation an event to remember.

I am sure we all wish each other the best of luck in life and the happiest future possible, and we will see you all Tuesday after you have driven home safely from After-Grad!

CLASS VALEDICTORIAN

Today, our graduation day, marks the ending of our years spent at Eastglen. Many of us here may want this moment to last for more than just a moment, but sadly this cannot be made true. Despite our best efforts, time will soon make this day and the years we have spent at Eastglen a memory.

Depending upon the person, these memories of high school will concentrate on different themes. Some people will reminisce about the teachers of Eastglen, the educators who have dedicated their lives to replace ignorance with knowledge. Others prefer to reflect on memories of our parents, the people who supported, not only us, but also the decisions we had to make over the years. Still, the highlight for others will have been their athletic involvements, and the thrill they recieved from this physical competition. Yet most of us will focus on the friends we made at Eastglen, and those who became more than just friends. We shall remember the times we shared together, some good, some bad, all completely unforgettable.

In conclusion, to the Class of '85 I wish the best of luck in the future. May each of us acquire the courage to look deep within ourselves and overcome our personal phobias; once these fears are conquered, continue on with this intimate journey and discover, beneath all this, the key that will open the door to success, permitting each of us to reach our full potential in life.

Garry Mah

CLASS HISTORIAN

It is an honour to have been chosen Class Historian for the Graduating Class of '85.

1982. Remember that year? That was our first year at Eastglen. A year full of frustrations, excitement, and yes, humiliation. It seems like quite a while since our grade nine tour, and our first week of school, known as Frosh Week. But think back, back to when we felt inferior in all the organized confusion of opening day. It seemed impossible that we, the "wheels" of our junior high schools, shrank to mere spokes at the sight of the Seniors. Soon we learned that Seniors were not gods, but students just like us. This fact realized, and the school well explored, we finally settled down to normal school routine. Normal? Who's kidding whom? Life at Eastglen is never normal. Under the past and present leaders of Eastglen, Arny Holmes, Mr. Probert, Mr. Demaine, Mr. Dymianiw, Mr. Loehde, and yes, ever good ole Tych, we could stay far from sane. In fact, some couldn't handle it, and turned to much needed Tylenols, or other less stressful schools --- like Lazerte!!

In Grade Ten, the Junior football team was the only undefeated team in the city during regular season play. Playoffs, however, proved to be heartbreaking as the J.P. Rebels edged the Blue Devils by one point. Our female volleyball teams also had a smashing season, but the boys didn't quite reach their goal. Also, our Junior boys soccer team and the water polo team, both walked away with the City Championship titles.

In Grade Eleven, our football teams had an outstanding season. The volley-ball teams were equally competitive. Burrows' basketball boys won the J.H. Picard tournament. Unfortunately, they lost in the semi-final round of season playoffs. The Junior boys won the Devon Tournament and finished an impressive third place in the Premier Conference. And the Senior boys soccer team won the city championship, under the fine leadership of Mr. LeLacheur, who not only taught them how to play soccer, but probably counselled them, taught them Math, Social Studies and how to wrestle, all at the same practice.

And this year, in Grade Twelve, the football teams were super! The fans were equally enthusiastic, as sometimes there was more action in the stands than on the field. It must have been "Joyce's fan bus" and her magical hot chocolate. School spirit was just as active in the basketball stands, as our Senior boys provided us with the most entertaining games in years. They lost in the semi-finals, but won the hearts of everyone at Eastglen. And the girls did just as great, as they placed second in the city.

We must not forget about our wrestling team. We've had great champions throughout the past three years, with special congratulations going to Dave Richardson, the City and Provincial champion, holding a Silver in the Dominion in his class. And Mr. Ferguson's weightlifters brought home the city championship after an absence of 15 years. Speaking of which, the water polo team once again captured the title of city championship winners only last weekend.

Outside of school sports, Melodee Clysdale, a very talented young skater, won the Provincials, placed second in the western division, and went to the Nationals. Keep up the good work Melodee! We'll see you at the Olympics! Enough about sports. What about everyone else? May we always recall our fantastic foreign exchange students, in which some are present with us tonight, who have brought culture and friendship with them from their countries. And let's always remember the school plays, the spring and winter carnivals, and those unforgettable dances. And what about those Phys. Ed. 30 camping trips. It's too bad our tent didn't have poles, right Bonnie? And we always knew when it was morning, when Parm walked by with a donut and a diet Coke, and the fresh scent of Mr. Vass's pipe filled our senses.

There were also those beautiful days during springtime, where people thought Biology class was a nature walk, or that chemistry class was spent on the front lawn learning about what the sun was made of. But seriously, we have many people to thank. Our parents have supported us through 12 long years of school and tonight is as much a celebration for them as it is one for us. Thank you for all your patience and encouragement. The administration and staff have also earned the respect of many people, they have helped to make us what we are today.

Our days left together are numbered. Much happiness has been found here and many lifelong friendships have begun. Each one of us will travel on our own roads to success, as we all sit on the edge of a dream. The future will hold many fond memories of our high school years, and the wonderful people who made it all possible, are none other than the class of '85!!!

Thank You
Sherri Lee Semkowich

CLASS PROPHET

Ladies and Gentlemen, Fellow Graduands, and Al Baker.

Well, Grad '85 is finally here, I say finally, because just the other day I - no, no, that wasn't me. At any rate, the honour of Grad Class Prophet has been bestowed upon me. I was instructed to find a future telling device that would enable me to look into the fortune or misfortune that my fellow Eastglenites might have after they leave this fine school.

When they told me this I knew exactly what I had to acquire, a scepter in the possession of Buddhist monks in Tibet. I sent Eastglenite WADE MAJOR to retrieve it for me, but Wade was caught up in a plot to recapture Vietnam from the Communists, and hasn't been seen since.

So there I was worried about finding my device when along came my WELL ROUNDED friend, ENIO ZANELLO. I told Enio of my troubles and to my astonishment, he said he knew of a device that would serve my purpose, an heirloom that has been in his family for hundreds of years. Yes -- you guessed it. The wonderful, the magical -- MAMA ZANELLO'S PIZZA PIE PLATE! Just one rub, and my prophecy shall begin.

The first vision I see is that of KEATH WITWIKI. Keath is now a world famous author. He just finished his latest book entitled, "Women Around The World That I Have Loved." Keath is also recovering from a virus he picked up while researching the book.

Next I see CALVIN MAH and GRANT MACDONALD. They have just opened up their Pro Shop and combination Chinese fast food restaurant. They're calling it Mah-Donalds, very original guys.

The next visions are of those of the Edmonton Oilers winning their 35th consecutive Stanley cup, and of a grey haired ALLAN BAKER swearing this will be his last year in High school.

Next I see DOUG MAKOWECKI, who is now a Big Real Estate Tycoon. Oh, oh -- sorry Doug, landing on Park Place with 4 houses is going to cost you - pay up.

The next vision is that of the happily married couple of SHANNON DUBELT and SHAWN DIAKUR. Shan and Shawn, as their neighbors affectionately call them, got right to work on a big family. But the neighbors say that Shan and Shawns 8 kids bear an uncanny resemblance to KELLY RICHARDSON -- the neighborhood milkman.

Next I see the Canadian Naval Forces have made a major break-through in ship to ship communications, I can't see quite how they do it, but it has to do with the bright beam produced by shining a flashlight off of Mr. Steele's head.

Now I see every Eastglen student dancing in the street. I wonder why? Oh, the headline on the front page of the Journal reads, "Beer Strike Ends."

Next, my most clear and vivid image comes through. It is that of 6'6" 255 pound DAVE RICHARDSON. Dave is a billionaire, he owns 3 Porsches and is surrounded by beautiful women. Of course, uh, none of this is true, Dave said he would beat the hell out of me if I didn't put him in my speech.

Next I see . . . Oh, its Mrs. Zanello and she wants her pan back, and she wants Enio in by 11:30. Well, that's the end of my prophecy.

May you all have healthy, wealthy, prosperous lives.

Thank You.
Bob Dancocks

GIFT TO SCHOOL

The gift to the school, from the 31st Graduating Class, was thirty-six graduation caps and gowns. This gift will be in continuous use over the years as future graduating classes don caps and robes to receive their diplomas.

SPRING CARNIVAL

The Spring Carnival, held April 30, was great fun for everyone. Balloon tossing and shaving, potato sack races, and car pushes were just a few of the events; however, the event which received the greatest attention was the phone booth stuffing. The record for the day was 15 people, set by the "Abe Team," and the event was covered by the media.

The 1985 yearbook would not have been possible without the tremendous help and effort of the following people:

Laurie Jewell, our advisor, who did her best to make sure everything was on time. (Mmmm good chocolates!!!)

Mr. Dennis Cambly, our yearbook representative, who has been helpful and patient with our lack of coordination.

Dave Grimoldby who designed the cover of our yearbook, and the other artists who also submitted a cover.

All the photographers who captured the year on film; Wendy Moffitt, Joyce Grykuliak, Michele Willey, Laurie Jewell, Mr. Tychem, Mr. Andrzejowski and Brian Kopchia.

The dark room staff who entered the dark room to see what would develop. Wendy Moffitt, Joyce Grykuliak, Karen Sarfinchak and Roland Petrin.

The secret staff who helped us track down the hidden treasures.

The custodial staff who kept the yearbook room clean.

All the artists who contributed some beautiful art to our book. James Kay, Jeff Shakura, Val Cope, Marian Boehnke.

All the people who were not on the yearbook staff but who helped us when we needed a hand.

All the people who contributed to the yearbook.

The readers who have read the yearbook.
